

What is ISES Solar World Congress 2021?

The first ever fully virtual ISES Solar World Congress was held online from 25 - 29 October 2021. Throughout the 5-day event, SWC 2021 featured 31 technical sessions, 14 keynote speeches on the status and trends of specific technologies, 11 plenary sessions and special events, and 6 topical forums.

How many sessions were there at SWC 2021?

Throughout the 5-day event, SWC 2021 featured 31 technical sessions, 14 keynote speeches on the status and trends of specific technologies, 11 plenary sessions and special events, and 6 topical forums. There were 93 oral presentations and an additional 96 poster presentations.

When is Solaris 2021?

The 11th event will be held at Shibaura Institute of Technology, Japan (ONLINE) during 27-30th, Sep. 2021. SOLARIS will include plenary and keynote lectures and oral presentations on topics:

What is a Solaris Conference?

The Solaris conference provides a platform for meetings for researchers in the area of solar energy and efficient energy technology. It has a long tradition of organizing such meetings in Edinburgh 2003, Athens 2005, Delhi 2007, Hong Kong 2008, Bruno 2011, Granada 2013, Maribor 2015, London 2017, Chengdu 2018 and Delhi 2019.

What is SWC 2021?

SWC 2021 will bring together a global audience from the renewable energy community and online participants and invited speakers will include scientists and researchers, industry representatives, government and NGO leaders, entrepreneurs, practitioners, and students from around the world.

What is the ISES Solar World Congress?

The ISES Solar World Congress, held biennially since the 1950's embodies the spirit of international networking and exchange of ideas advanced by the Society. The ISES Solar World Congresses embody the spirit of international networking and exchange of ideas advanced by the Society.
