

Can the god of wealth portrait be placed in the power storage room

Where should a god of wealth be placed?

It is advised to keep deities behind you or just by your side rather than in front. That is because they're supporting you with the energy of fortunes. Always remember to never place the God of Wealth in places like the Bathroom, Kitchen, or at lower positions such as the floor.

Where should a god of fortune be placed?

3) God of Fortune such as the Fu Lu Shou or the Wealth God can either be placed at the left or right side of the door face inwards to your room. This will attract wealth into your room. Conversely, if it faces towards the main door, the wealth will flow out of the house. Therefore, you should be careful when positioning the God of Fortune.

Where should a wealth God be located in feng shui?

If you want to get more detailed, then it's time to whip out that compass. It is said that the best area to place the wealth god is the north. The energy of water is looked at in harmony and synonymy with money in Feng Shui. Apart from the north, the 8 trigrams of the Taoist cosmology also consider the southeast a good wealth region.

How to pray for wealth to Guan Gong?

The tail of the fish should be directed towards the god. Guan Gong is also the "God of Wealth", who can protect one's career and work luck, and ensure prosperity. If you want to pray for wealth to Guan Gong, you need to be more careful in preparing the offerings. There are some small taboos to be aware of.

How do people worship the god of wealth?

People worship the God of Wealth in the early morning by inviting him to their house by offering incense. They indulge in dumplings on this day, which resemble ancient blocks of metal. Legends also say that after all the sacrifices are offered to Tsai Shen Yeh, the God proceeds to heaven on the 2nd day of Lunar New Year.
