

Cape town solar container subsidy policy update

Does Cape Town need a solar inverter?

Picture: Pexels The City of Cape Town has announced that all solar PV and/or battery storage applications will be viewed as grid-tied systems, which means that all systems need a City-approved inverter and official sign-off. The mayor committee member for energy, Beverly van Reenen, says the rule applies from October 2023.

When does a new SOLAR rule apply in Cape Town?

The mayoral committee member for energy, Beverly van Reenen, says the rule applies from October 2023. Also read: City of Cape Town overwhelmed with applications for solar installations

Will Cape Town switch to green energy?

Cape Town is set to accelerate its switch to green energy and limit reliance on Eskom's erratic supply after winning a EUR150 million (R2.9 billion) loan from Germany's KfW Development Bank. The bank said the loan will be used to bolster the power grid of South Africa's second-biggest City, allowing the transmission of more renewable energy.

How many small-scale power sellers are participating in Cape Town's Cash for power programme?

The City of Cape Town revealed this in a statement on Tuesday (25 February), which noted that over 1,800 small-scale power sellers are now participating in the City's programme. Under the Cash for Power programme, the City explained that it automatically credits a power seller's total municipal bill to zero, generating cash savings.

How many sellers are benefiting from Cape Town's Cash for power scheme?

As of 1 February 2025, there are currently 1 842 sellers benefiting from Cape Town's Cash for Power scheme as part of the City's broader plans to end load-shedding over time. Of these sellers, 1 090 are residential, and 752 are commercial/industrial.

Is Cape Town purchasing power in exchange for cash?

As of February 2025, the City is purchasing power in exchange for cash from a total of 176 MVA of cumulative installed SSEG capacity in Cape Town. "We are delighted to reach the R50 million mark in Cash for Power earnings for Capetonians.
