

How many years is the solar container warranty period

How long does a Vivint Solar Panel warranty last?

A Vivint Solar Panel comes with a basic warranty that covers the solar panel for 25 years against damage and product inefficiencies. Additionally, there is a warranty of 10 years for the inverter.

Do you need a solar panel warranty?

A solar panel warranty is important to have, but it won't do much good unless you can monitor your system and identify issues. You may be able to identify larger issues, such as cracking, with the naked eye. But performance issues are most easily identified through a digital system monitoring app or web portal.

How long does JA Solar warranty last?

JA Solar warrants that the MODULES together with the factory-assembled DC connectors and cables are free from any defects in materials and workmanship under normal application, usage, installation and service conditions for a period of one hundred and forty four (144) months from the Warranty Commencement Date.
