The BESS station is under development by the Namibia Power Corporation (Pty) Limited, who own the station. The development receives support (financial and technical) from the German State-Owned Investment and Development Bank (KfW). In December 2021, KfW made a grant of EUR20 million towards the development of this project, estimated at 80 percent of total cost. NamPower is expected to contribute about 20 percent of the cost and pay any outstanding taxes not covered by the KfW grant.

Enter the Windhoek Energy Storage Project - Namibia's \$280 million answer to solar power's &quot;sunset problem.&quot; As the sun dips below the Kalahari dunes each evening, this lithium-ion ...
