

# Type of solar container patent applicants

A linear fresnel solar power system which is transportable in a goods container, wherein the solar power system comprises: a number of rows of reflective mirrors, and a support structure, the support ...

This page includes the patent name, patent number, legal status, invention/applicant, technical efficacy and accompanying drawings of Solar dryer-related invention patents and utility model patents, which ...

This page includes the patent name, patent number, legal status, invention/applicant, technical efficacy and accompanying drawings of Solar energy storage-related invention patents and utility model ...

The plurality of solar panels are configured to receive sunlight and convert to solar energy for storage in the battery and supply energy to electric vehicles during transport of the container (s). Skip to: ...

The present disclosure describes a solar energy storage system. A storage container is provided, comprising a base having a compartment defined by a planar exterior surface and a planar interior ...

?????/ Solar Planting Container ???? / Product Description ??? ---- ?????? Planting Tray - Plant Growth Platform ?????PP????,????????????? Made of ...

The present invention relates to the field of solar power generation substrates and systems, and more specifically relates to a solar panel protective container apparatus and system configured to protect ...
